## WATERSOLUBLE LAUNDRY BAGS

100% biodegradable and will not leave any environmental pollutant residue.

Once the bag is dissolved in the washing process, the solution will be decomposed to water and carbon dioxide.

Enhances infection control in handling waste matter, while being impermeable to bacteria and virus.

Dissolves at different temperatures with different dissolving pace

## Water-soluble medical disposal bags for infection control

Water soluble medical disposal bags for infection control including water soluble laundry bag and medical instrument disposal bag are mainly used to collect the contaminated medical instruments, articles, patient bed sheets, linens and treatment appliances in hospitals and nursing homes.

After sealing up the disposal bags, the contents inside the bag do not expose to outside environment during the whole process of conveying, washing, disinfection and drying. The water-soluble bag can dissolve completely during washing and disinfection process without any polluting residual.

Recommended dissolving temperatures

| Type of bags | Dissolving temperature |
|--------------|------------------------|
| Type C       | > 15 °C                |

**Zippit™ Oxo-biodegradable bags**

This technology carefully controls the life of the bag and only in the disposal of the bag can the degradation process occur. The process reduces the molecular length of the plastic to the extent that plastic characteristics are lost and it becomes available for biodegradation by bacteria and fungi. BagCo Oxo-Biodegradable bags are recyclable, food contact approved and do not contain heavy metals such as Cobalt, Copper and Manganese.

## HONEYSUCKLE BREASTMILK BAGS

### HoneySuckle® Breastmilk Storage Bag

Carton of 300 bags - \$ 85

The HoneySuckle® Breastmilk Storage Bag is specially designed to meet the highest standards in breast milk storage. Safe and clean, these bags come packed in a convenient zip-pouch packing bag, making them the most economical and hygienic bags available.

### HoneySuckle® Breast Pump Storage Bags

250 bags + 6 Adapters - \$ 145

300 bags only - \$ 145

The HoneySuckle® Breast Pump Storage Bags are a single step milk storage bag which is eco-friendly, recyclable, virtually leak-proof, BPA free, tamper evident and there's no need to pump into bottles first, eliminating risk of spillage.

This single step pump bag reduces the risk of cross contamination and the need for extra sterilisation.

## Baby Food / Small Breastmilk Pump Bags

250 bags + 6 adapters - \$ 135

300 bags only - \$ 135

The single step HoneySuckle® Baby Food/ Small Breastmilk Storage Bag is eco-friendly, recyclable, virtually leak-proof, BPA free, tamper evident and there's no need to pump into bottles first, eliminating risk of spillage.

## HoneySuckle® Universal Adapter

2 Adapters - \$ 4.50

The HoneySuckle® Universal Adapter allows you to pump and bag breast milk in one easy step reducing milk loss and spillage.

Simply slip the hooks on the Adapter into the notches of our 4 ounce small milk/food bag or our 6 ounce pump bag. The other end of the Adapter will attach to most major pumps including Medela and Ameda models. You don't have to worry about spillage, because no pouring is involved since the pump bag is your storage bag.
